Short Essay

Name:

In order to give us an idea of your language proficiency, please **hand-write two short essays in Japanese** on the following topics, without enlisting the help of another person.
One essay should be about Topic #1, and another should be about Topic #2 or #3. Topics #2 and #3 are for advanced level students, so if you find them too difficult, you do not have to write them.
***If you have any experience learning Japanese, write something in Japanese, even if it is not a full essay.**
***If you have never studied Japanese, state that in English and do not submit a blank paper.**

Topic #1. What would you like to do in Japan? (Please write at least 200 characters)
Topic #2. How is Japan understood or seen in your country? Please explain using examples.
(Please write about 300 characters)
Topic #3. What kind of things about your country would you like to tell to Japanese people? Please write in detail.
(Please write about 300 characters)

Note: 1. This essay is for class placement and won't affect your application result.
2. You may use a dictionary but must finish in 30 minutes.
3. Write independently without translation tools or help.
